

SENATE RESOLUTION NO. 28
BY GRONSTAL and LUNDBY

A Resolution to thank the men and women who worked so long and so hard to restore electricity to Iowans throughout the state.

WHEREAS, between February 24 and March 2, 2007, one of the worst winter storms in recent memory came to Iowa with a vengeance; a sudden ice storm left over 260,000 Iowans without power, followed by a blizzard bringing 18 inches of snow in some areas and howling winds that piled drifts four to six feet deep; and

WHEREAS, the wind and ice combined to seriously damage Iowa's electrical grid; and

WHEREAS, the toll was staggering: 250 miles of transmission lines down or damaged, 1,000 distribution lines damaged, and thousands of utility poles and structures destroyed; and

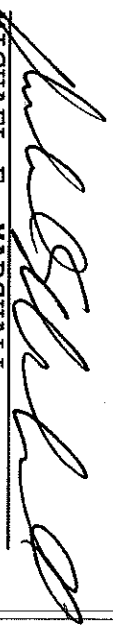

WHEREAS, against this looming disaster the men and women of Iowa's investor-owned utility companies, rural electric cooperatives, and municipal utility providers and those of other states came forward by the thousands, along with members of the Iowa National Guard, the Homeland Security and Emergency Management Division of the Department of Public Defense, and the American Red Cross; and

WHEREAS, working around-the-clock in daunting weather conditions, where white-outs, ice, high winds, and closed roads hampered every effort, these dedicated crews had largely restored service by early March and averted a crisis; NOW
THEREFORE,

BE IT RESOLVED BY THE SENATE, That the Senate, with great respect, conveys its thanks to those men and women from Iowa, the Midwest, and other states who came forward and took charge in a time of crisis, and through their tireless efforts brought light, heat, and comfort back to hundreds of thousands of Iowans.

JOAN P. KIBBIE
President of the Senate

I hereby certify that this Resolution is known as
Senate Resolution 28, Eighty-second General Assembly.

MICHAEL E. MARSHALL
Secretary of the Senate
